After some fixes my server is back. Same rules apply. If you are unsure of them just do a !showrules

My mods are going to have more power and control than ever before. Don't piss them off please. Any complaints go to my chat channel #K9Chat and talk to me or my mods there.

I will be putting Glacier non flying and Bunkers 2.0 in the rotation tonight. Get them so you don't get disconnected.

Go to <http://www.cncden.com/> for Glacier

and

<http://renegade.the-pitts.net/index.php?s=ae2bccb75589ede9b914e331c56f501b&act=Attach&type=post&id=28670>
for Bunkers 2.0

Thanks,
K9
