As i told u i would post Crimson.

I basicly let you know where i stand crim

Its not gonna happen again, you dont know that but i do.

To accomplish my goal i didnt even need to run RG, would have made no diff, now that i think about it.

I joined had a mod that i created for 1 purpose only, has 1 modification.

It was to destroy the cargo plane, and make the vehicles drop in odd places. I enjoyed it for while, i liked the reaction people give. Ive learned it is not fair to get my jollys at a innocent gamers expense.

Naurally i would like to be unbanned, but i dont think its gonna happen, since u have no way of knowing i wont cheat agian, even though i Know.

And i can not afford to pay thirty dollars for RenGuard network acess, i need a new truck.

If it is not to much trouble, just let me know my chances of getting un-banned. I would like to see RG grow, and in the future i will be more able to fund BHS activitys, like RenGuard. After i get my farriers liscene, i will be in a better financial position to help how i can, please hold me to it
