Ok so this sounds like bull crap right? Yes i does, even to me and i've experienced it. The handgun has only 12 shots and isent an auto-matic weapon. But if you can get headshots with it, it can do more or at least rival a gun such as the laser rifle, no joke. The handgun is overloekd in power being the only weapon every class has, but think of it this way, it has unlimited ammo and reloads very fast. Im not joking when i tell you ive killed a havoc with a tech before with a handgun, the handgun's bullets dont have good aiming properties, and not much ammo per clip, but if your good and aim and can get headshots, you will rape as much as almost any class will, except like ramjets in tunnels or gunners etc.
