
Subject: Where'd all the servers go?

I just logged into Renegade to find nearly all the servers such as n00bstories, n00bless, non00bs, black-cell etc all down. Right now, there's only amount 20 or 30 servers up, most of which are full up seeing as there's no other place to play.

Even the RenAlert lobby is completely blank. Can we get some info on this?
