If you suggest i went to a porno site or such i didnt.

<blood> i see
<blood> i got all the stuff to register it at freeserials.com, but beware, spyware is abound there, so go in with a full rubber
<[BBF]Dave> ok
<[BBF]Dave> lol

I was looking for a serial for MIRC. Im not sure if the main page dled it or if i clicked on a page. i dont remember
And i use sbc global (idk if thats what u mean)

I did go with "full rubber" or so i thought. What was downloaded was a anti virus program   sheriff something. Oh yeah it also disabled my task manager :S but i fixed that.
