Allow me to introduce myself to all that do not know me.

I go by the name GrAveTzT(Obviously) and about 2 years ago I threw out my gloves on renegade. It was around the same time after "Renstation" management switched to a new leader & administrator. The game had changed, Wol rankings were going downhill, EA had long quit the support, renguard was bugged to the gills, and I had a bad clan situation where I was clan leader & they all turned on me.

But then I realized how much fun it was in the begining so I've managed to find my gloves and be in the game again.

Kind of depressing. I recall really rocking peoples' world online in Renegade, but now I'm going to be a straight up semi-un-trained warrior again. I'm seeing a lot of new names and only a few old one's that I know. It's been a long time.

So hello to the new people, you'll see me around I hope.
Hey guys, to anyone who remembers me
And if I get this renguard to stop giving me errors then I'll be up and playing again.

Oh, and just curious.

Whatever happened with Renstation?
