i0nuk3thats exactly what happens to me!!!! i thought it was my internet fault. but now i have heard you guys!!. i never end a game whenever i join. thats why i usually host a 4 player game!!

i have also opened a topic at TECHNICAL DIFFICULTIES about this problem, but no one replies!!.

and one more thing, this started happening just a wekk ago, it was alright before. i think its WOL fault to some ppl.

n00b :rolleyes:

EVERYBODY gets this thats why no one replys...

even the host of our server who connect on another PC 2 meters away gets disconnected...
