SpyGuy246 wrote on Mon, 17 April 2006 22:43 And you're assuming artilleries can hit the Havoc despite the fact that artilleries are not the most accurate vehicle, especially at very long ranges. And a Ramjet can take out an artillery easily and still have enough ammo left over for aircraft!

Besides, a Ramjet character can stay all the way in their base and hit aircraft coming from the opposite base without any threat from artillery.

1. A Havoc can't eliminate both at once.

2. On what maps?
