These people are both funny, but yet mean. Funny in an ALOD way. Like, they're mean to people. But yet they're so funny about it. But the people they're being mean to... aren't in the mood for funny business.

That said. They're also fucking crackpots.

Fox Entertainment Reporting is really hysterical and crazy most of the time, but these people are even crazier. Which means the obvious: Fox + Phelps = LAFFO to the degree that even I can barely handle. Those two guys are great for a laugh, I hope they have her back .. and the rest of her nutjob family too.
