Shouldn't the moderators, or servers or whoever does the good job of making sure that Renegade continues to be a great game on and offline, shouldn't they make it possible for the Transport Chopper to be able to lift vehicles. Wouldn't that be cool????!!! Imagine what kind of rush can be achieved with 5 Transports, fully loaded with infantry and each carrying a vehicle, maybe a few fully loaded APCs. I think that we should kindly ask for the moderators to make this feature possible. What do you think?
