I still prefer the MRLS for pointwhoring as the unlimited ammo it has enables you to keep up a constant stream of rockets(though Gunner's still cool - did an amazing Gunner rush on Mesa a bit ago and wiped out the refinery and the airstrip).

And SBHs do NOT suck on Islands, it's incredibly easy for them to sneak into GDI's base and plant C4, nick vehicles whilst they're being repaired, lay nukes and generally wreak havoc.
