I knew one of those posts would be coming - you would really be suprised to know how many people are completly oblivious to many things in game.

I didn't claim this was a new discovery.

Its a strats and tips forum, tbh I think this is a better tip than "ob walk" "fill an apc with ppl" or half the stuff that seems to be posted here.

If you find it useful great - If you can add some further info/ideas then even better.

Telling people that you knew this three years ago helps nobody.
