wongik wrote on Mon, 08 May 2006 02:50Hi, thanks a lot. But, when i run the game it says "Please insert correct CD-ROM, select ok and restart the application." Can u help me again for a one more time? Please??

This is something really bugged what everyone has after patching to 1.037 and then opening Renegade without using the CD.

Press "Cancel", you can now just play the game. Although there will be no videos in-game.
