Yeah, this is how you make them mean
  http://renegadehelp.awardspace.com/index.php?page=tutorials/ bak_index.htm

and to get them to stop hitting the walls and stuff, go to the top then look for pathfinding then go to Genarate Sectors

this is not the best place to ask about modding, if you want a quick response.  Im still waiting for someone to answer one of mine from way back!
Hope this helps, PaRaDoX
