Well I actually own the MP-Gaming.NET site, so calling it worthless isn't appreciated really. People may have come and gone, but it is still flourishing whilst others dwindle and die. Infact we have never had such a boom in forum members like we have had in recent months. I am curious to know why you think Zunnie is stupid, and why you dis-like the MP community. We haven't ever done anything to hurt anyone, yet some people seem to have a fanatical dis-like for it. It is something that has bugged me for a long time, I just can't see a real reason.
