Goztow wrote on Tue, 16 May 2006 08:49: Back to the interesting part: cheese. Well, people here make cheese from goat milk, so I guess sheep milk ain't so strange. I guess all kinds of milk could be turned into cheese, though I don't know if anyone ever tried it with human milk... How about we talk about both topics at once. Girls, and cheese (and milk).

LEIK ZOMG ANY GRLZ HER, OTHER THAN IDJOT? NEED MLK 4 CHEEZ!
