That's a shame, because Blazer and I met through these forums back when they were hosted by Westwood. :\ I guess Blazer is lame.

There's a difference between meeting on a site versus trying to find someone on a site. I met my girlfriend on a site, but we certainly weren't trying to get hooked up through the site. exactly ... to meet someone here is one thing but to come here looking is another. But that is very intrsting I didn't know that either. Maybe we should have a personals sub section lol.
