Ive got a few questions, so ill post them all here.

1) Its it possible to add a 3rd side to a map, in a mod or on a server?

2) is it possible to make a bot which will join a team if it has credits donated to it?

3) Could you make a radar for a look out tower? so base defenses will only attack a unit if the look out tower detects it?

4) how do you add more sections to a PT? Like a equipment section. Or can you make a totally new PT that can be added to defferent buildings, units and only certain/new sections are displayed?
