Have you been following Reborn?

Like a week or 2, ExDeath was being "rude" to titan who is the lead and almost only level designer has, so titan sayed he left the project for good, meaning release date for a beta would be extended. Now he is back, and everything is back on track. Yes, the actually 100% finished release date will be long ways away, but the public beta will be out max 1 month

PS talked to him yesterday about it
