LOLZ I THINK WHAT HAPPENED WAS THAT YOU FAILED TO READ MY RESPONSE TO YOU, WHOEVER YOU ARE.

Quote:It's amazing what happens when you don't check in on your threads.

To ACK: Thank you for posting that screenshot. Now I know who that jackhole that JupiterKS is in real life. You are a complete disgrace to Renegade, and are a jerk to other people. I'm glad you left Renegade, so you can ruin the experiences of people playing CS:S. Also, I find really funny that you call Renegade

Quote:

a pile of shit game

when you made so many (generally bad) maps for it. You obviously were just trying to look tough.

Quote:lol

What'd I do to you, kill you too many times in-game? Shoot you in the head every time you came into my view? There's some reason why you're pissy. Oh wait, maybe I shit talked you in-game and now you're finally taking out your Unreleased Internet Anger on me.

Fact of the matter is that you probably suck at Renegade and you have no other recourse except to say "omg ur map sux" and "omg u say bad tings bout me omg die" and other various idiotic expressions. Do me a personal favor and shut the fuck up for your own sake, save some of your dignity.

SOMEONE GET THIS NUKCHEBIO SOME SOCIALIZATION LESSONS

BECAUSE CURRENTLY HE SOUNDS LIKE A CREEPY PEDOPHILE

"haha teh child doesn't know what i have in store for him, because he is weak in the mind, such a foolish child!! heehee"

AND IF WE CAN'T GET HIM SOCIAL LESSONS, THEN I AT LEAST WANT A SALVO OF HELLFIRE MISSILES FOR MY ROFLCOPTER TO HUNT THE FUCKER DOWN.

IT'LL BE ALMOST LIKE C&C GENERALS, BUT GOOD, AND NOT MADE BY EA, AND NO CHINA, JUST ROFLBBQSQUAD VS BULGARIA.
