lol, thats exactly what i got too

wow...some people need a point to thier existance..
If thats what you call a good birthday, 99.9% chance you were raised by crack addicts (according to the last 2 things..)

I think you completely miss the point of my (and his) post. We never stated that it was a "good birthday". Also, if you note, when you turn 18 in the U.S., you are no longer a "minor". You can now vote, join the military, buy tobacco, buy pornos, and be the "guardian" of minors under the age of 18 for rated-R movies. Every person who turns 18 in the U.S. has the same priveledges, so unless 99.9% of Americans who turn 18 are raised by crack addicts, you've completely misunderstood my and his post.

^that statistic is right
