Ah does that give you a big mighty e-penis now.. your life must be so dull, that you troll around these forums all day, picking up on everyones errors, I wonder what you would do if these forums wasnt here, find a life, job maybe?

And dave ive already answered you.

Dumbass. Seriously, no other way to put it. Why don't you just shut up before you sound more stupid? I actually looked in your profile because I figured you'd be like 10 years old. I was disappointed when you didn't show it (Don't worry, I wouldn't either if I were you, especially if you aren't 10) By the way, don't you think it a bit hypocritical since every time I've posted you've responded? That's a rhetorical question, by the way. (it means it's not meant to be answered)

Number two, what the fuck does "e-penis" have to do with it? Do I feel good about myself for telling you you're a dumbass? No. But it sure is funny. Note, if you would actually read my posts (Which I know you did, since it's not like you had anything going on, so don't even try and act it) I said I've only corrected you and troop. You because you get so pissed off I actually enjoy it. You think you're cool you use stupid internet lingo and say "troll" forums and such? Wow, yeah, I'm impressed. Odd though, since I work 45 hours a week. What about you? Do you enjoy spending your time talking about people you've never met and their sexlife. As if you seriously knew anything about anyone's life, especially from 2 posts. In fact, I might go so far as to say the only thing you knew how to do was mash your keyboard with your thick skull and breathe. I wish you'd choke.
