I told Gunshot to come to here and ask for help because he got banned from [NE]WarZone because of it then I noticed he came into RenStation (my server) and I was getting the alert message

[16:56] <@WarBot> (3)gunshot08 banned by [NE]vasatron1[RCT]@IRC on 31.05.2006 14:57:00 for SBBO Exploit after warning given (gunshot08)

([16:25] <@Fastc0nn1Bot> 3[ALERT] 16 gunshot08 attempted to use the BW exploit. Their BW has been reset to the default.)

He swore he never typed it in, for some reason I belive him as just before that message he typed something in main chat.. so the time diffrence is rather high. Meaning after 0.5 sec I got that message.

I believe the problem lays within his connection being dialup..
Could someone give their opinion on this subjet please?
