{EMD}keeg9 wrote on Thu, 08 June 2006 22:15I bought The First Decade because some of my CD's weren't working. My Ren CD won't install because it can't load the always.dat. So I intalled it with my First Decade CD, but gamespy can't find it. When it does find the game, it has a path error. I got the First Decade to work before and all the other games work too. Any solutions, questions, etc.

Use wol.
