icedog90 wrote on Mon, 19 June 2006 18:55 Most people don't even notice, but it bugs the crap out of me if it's off. By tearing I mean you actually see lines across the screen between frames. it's kind of hard to describe, you have to see it. I don't know why almost everyone doesn't even notice, but I see it so easily.
I also notice that when it's off, and it really looks ugly.
