look at any Black comedian what are the jokes they always talk about. Its always three things they are talk about.

1. Racism: They talk about Black people, White people, Hispanics, anyone, etc. They talk about the differences and how everybody are the same but just do things differently.
2. Sexism: Always have to talk about Men and women and the differences between them.
3. And everyday normal stuff such as sex, walking home, going to work, Micheal Jackson (hehehehehe, had to thru that one in there), etc.

from Richard Pryor, Red Fox, and Eddie Murphy all the way to Chris Rock, Dave Chappelle, and Martin Lawrence that is what they always talk about. And they make people laugh. Matter of Fact every comedian almost doe that. Jerry Seinfeld does Jewish jokes all the time. Jeff Foxworthy (which is one funny mutha) does Redneck jokes. Sarah Silverman does all types of jokes. And so on and so on.

funny sort of way and get the majority of the people laughing you have done a great job of being a

Saturday Night to raise money for Charity at this comedy club I perform at. And a critic came and saw me perform and said I was as funny as Chris Rock on a Sunday Afternoon in Church. I laughed my ass off when he said that.
