Naamloos wrote on Wed, 21 June 2006 16:41I used that program and I re-entered my original serial (and only serial I have) and saved it... But I still can't log in?

Any other suggestions?
Contact Olaf... errrm no, ignore this, that won't work. Not really :-S. Maybe you can ask your favorite server(s) to provide you with their ip and port so you can direct connect.
