mrpirate wrote on Fri, 07 July 2006 08:48I'd be more careful using the word "universally" there. I agree that there are times when "bad" language is not suitable (e.g. if one was to appear in court, one probably wouldn't want to swear at the judge). I do not think, however, that leisure time spent on the internet need necessarily be one of those times.

Universally fits fine. Every culture in the world has some form of socially unacceptance, the internet included, to a few words.
