thrash300I am mature.

Hi, I'm Theodore Roosevelt.

thrash300Because in the end there are very bad consequences for everybody.

"No matter who you are, you're in deep shit. You might as well kill yourself as something bad is going to happen." That's pretty much the undertone of your sentence. Bad things happen to people, but not necessarily "in the end".

thrash300You can't live in oblivion you have to wake up. People just have to be warned, the rest is entirely up to them. Up to you.

So because you hold a certain opinion, we're automatically supposed to support it else we're the blind ones and have to "wake up"? You're just as ignorant and arrogant as the religious far right.

"REPENT NOW OR YOU'RE DAMNED". Until it's proven, you can't claim your beliefs or opinions to hold absolute truth.

thrash300Watch your tone, who the fuck do you think you are talking to?

It's quite obvious. He is talking to an idiot.
