John Shaft Jr.Majiin Vegetawho are you?

You don't know who she is. Hmmmmm.... You must have missed that post where everybody thought she was a huy but she came out and said she was a girl. And that she plays Renegade naked. Hmmmmm.... I wonder if that post is still here.

Anyway, I justwant to know something. They put you into a Detention center when you miss days from school???? Damn. Where do you live at dead4ayear2?

EDIT: Ahh yes. The post is right here for some of you that don't know her.

And I should have looked at your profile to see where you live.

I'm not a girl. I'm a guy.

Anyway, yes, if you miss school every week, eventually you'll start going to truency court. Then if you continue to miss, they'll just put you there for a couple days. Then if you continue to miss even more, you'll stop going to court with a group of other people and start having your very own session of court. They will put you on probation to go to school, and threaten you with 1-4 months of detention if you have any unexcused absents.

BTW, I live in Utah, Riverdale. But I'm sure they have the same laws about truency where you live.

BTW, I just got out of Archway today so I'm out for good.
