Hell yeah, nothing beats the roar of a big block I've got a 7.4 liters in my speedboat.

Allthough if you mean this:

Quote:
   * Intel® Pentium 4 Processor 3.6GHz with HT Technology - Free Upgrade to New Intel® Dual Core Processor $200 Value!
   * Genuine Microsoft® Windows® XP Home - Free Upgrade to XP-PRO MCE

   * Genuine Microsoft Internet Keyboard & Optical Mouse
   * Corel® WordPerfect® Office X3 (With built-in PDF creation, stunning multimedia slideshows, and easy full-featured email)
   * Microsoft® Software Bundle (Word, Money, Encarta)
   * Microsoft® Games Bundle (Age of Empire III, Zoo Tycoon, Flight Simulator)

It's not a dual core but a old P4 that's not very good for gaming. And it doesn't say what kind of video card, which is the most important part of your gaming rig. So it's probebly not a good video card or even worse: integrated *brrrrr*
