F15pilotXP wrote on Mon, 24 July 2006 21:17Ok, here's the deal...I have TFD, but installed Renguard with guide with no problems...it runs just like when I use regular Renegade, and I can use the chat commands...however, on some servers, it will give me the popup message "You aren't running Renguard..download it at renguard.com"...what's up with this?

Here's a screenshot

btw, I do use that exact name in Renegade
