Crimson wrote on Fri, 28 July 2006 11:06 That was even more unsatisfying than the response I predicted from the God-believers. Nitpicking at semantics rather than addressing some of the core reasons I simply can't believe in "god"/"God"/whatever.

Well, I can't really help it when your arguments are flawed in the first place.

I could really care less whether or not you believe in God, just don't argue his existance based on someone's interpretation of him. Heck, there are numerous people who get the wrong idea about me, but dispite their interpretation of me being wrong, I still very much exist.
