Aircraftkiller wrote on Mon, 31 July 2006 02:23 You're such an idiot, Aprime. Do you have any idea of what it's like to live 22 years feeling as if you're not the right gender? Of course not, you have it a lot easier than I do. In addition to the shit I deal with just to make a living, I have to deal with feeling as if I'm living a lie and that I was one of God's funny little jokes. I hope you get a good laugh out of it, perhaps karma will reward you with your own secrets exposed to the Internet so you can be humiliated by idiots. I swear you people have no concept of morality or humanity... Or maybe you do, and just choose to disregard it because I've bashed some retard's shitty ass levels and textures. Shooting you with the equivalent of a BB gun definitely warrants being hit with a sniper rifle! Better not play paintball with some of you, you'd start firing real guns because someone dared hit you with a little pellet of paint.

I'm in no way ashamed of who and what I am. So if you're thinking you're going to ps0t here and make me feel like some piece of shit that's inferior to you, please think again and don't waste your time.

I know I'm not female. Amanda aka Jadame in IRC knows he isn't, either, but that doesn't stop him from wanting to be a girl. You know you'll never earn millions of dollars, but you still dream of winning the lottery... You know that supermodel will never sleep with you, but you still dream about her.

What makes you any better than me, jackass? Is it because I don't fit into your little categories of what humanity should be? The last time I checked, I didn't follow many rules and it shouldn't be a surprise that I don't do that in reality either. Of course, I'm going to be called gay now... I'm gay, right? Come on and say it. I bet you're just itching to do it. "The whole reason he ever said any of those insults toward our shitty maps is because he was gay and never wanted to come out with it!"

hahaha. That's so far from the truth. I'm nowhere near gay. I'm happy as I can be and I have no issues with anyone knowing who I am... But if you're going to mock it, why don't you go ahead and be the bigger man here - post your secrets for the rest of us to laugh at? Or are you too much of a coward to do it?

you go... girl ?

I dunno, i don't think your gay, if you wanna dress up in chicks clothes, thats kewl, if you start singin cher songs though, then i might be scared...

edit

I live in LA, i see trannies, crossdressers, dragqueens, etc... on a daily basis. its not that big of a deal...

suprisingly they exist, if ack happens to be one of em, oh well
