NO I work for a gaming software company there's a big difference. I can tell you worked at AOL which adds up to nothing or in other words = 0 Well, you noobs have wasted enough of my time. Good luck Renegade isn't going to be around forever, specially with all the new multi players coming out soon. I get them all for free its part of the job. Take care and have fun.

Wow, this is all pure 100% unadulterated GOLD.

Thanks hardkil for making us all laugh, I must say that you are a fucking moron, you don't work for EA, you weren't in the marines and you are under the age of 20.

You have consistantly failed to proove anything you have said and it has been proved that you are a lying n00b.

We havn't wasted your time, you came to out forum - to lie to us, all of your threats seem to be completely un backed up by any knowledge of what you are talking about so I don't think any of us feel too scared. Once again, thanks for dropping in to entertain us.

When you are done with that feel free to take a gun and fire it in to your temple, thx bye.

I understand your life is a train wreck. You're fat, ugly, and can't get laid....really who's fault is that? I say your parents but, then again it is common for two dogs to mate and have a litter. You should take your own advice fat body!
