1) They said a racist word.
2) They are totaly flaming an other player.
3) They used a mother joke.

Everything elas am ok with.

What you've proven is that you, just like the server owner, have an opinion regarding what is acceptible and what isn't.

Since it's their server, their opinion wins.

Hmm

My opinion is the same as everyone elas I like to think, if not then there is something wrong with you.

Being racist is not acceptable anywhere anytime.

Verbal abuse against someone is also not socially acceptable.

You should always honour an mother, to make a joke against someones mother is to make a joke against yours, if you have no respect for theirs, then you dont respect yours.

Failing to comply with these three simple things, will lead to you getting fucked over.

Other then that am happy with people swearing, aslong you dont over do it, there are standards.
