Duke of NukesJavaxcxNice to know you'd allow the deaths of millions of children.

Congratulations Java, you are the only person in this thread that I have any respect for. I find this whole thread, even the joke about it, amazingly disgusting. To attack someone/defend yourself in the line of duty, but to say we should let innocents die because the country didn't want to attack Iraq...that puts you somewhere between a snail and the white stuff that forms at the corners of your mouth when you get really thirsty.

Don't get me wrong, I like K9Trooper and often respect his opinions, but I'm going to voice my opinions too, even if they conflict with his.
