"Remember, it's Nod, not NOD."

Countless replies of:

"omg go kill urself no1 carse if it nod or NOD stfu 4lready"

Who's making a big deal of it again?

The person who scours posts for a "mis-spelling" tbqfh and feels the need to bring it up hundreds of times.

Making a correction is not necessarily making a big deal out of it. He's simply correcting a common error, so that people can learn from their mistakes and spell it properly. The ones who get all pissy because he's correcting them are the ones making the big deal out of it.

So Dave doesn't make a big deal of the whole your/you're thing?

he does it purely to start this type of conversation, the sad thing is we all (myself included) sit here and give him his sick pleasure, he could be doing worse things I suppose...
