YSLMuffins wrote on Wed, 23 August 2006 01:53So, this mod will no longer be on the Renegade engine? As long as it doesn't derail it'll stay open, but I'm not sure what else you are looking for from this thread now.

Yes mam, its just switching Engines. no way in this world would derail terminator. id nvr diss Terminator like that LMAO

This Thread will just be for updates cause im sure there are still some peeps that will wanna atleast know what is goin on with it, ya no ??? i mean cause im still gonna make it where anyone in the world can play it, WITH or WITH OUT fear. witch im sure u already knew that LOL.
