icedog90 wrote on Thu, 24 August 2006 19:36 There is information all over the place that says that the whole concept of the construction yard is back, and that you build buildings the same exact way. The harvester is also back too and works the same way. I don't understand why nobody is bothering to go to my links.

Well i read alot of things C&C 3 will be including, but i never seen that one

Good to hear though, that was one of the things i hated most about Generals, that and the sidebar(Or as I should say down bar) GET IT!!!! hahahhahahah
