I find that very hard to believe. XWIS was always on the same German box at Clanserver4u.de even before the servserv redirect. The IPs never changed. Where XWIS is hosted has NOTHING to do with EA whatsoever. Where it is hosted has and will always be Olaf's choice.

EA were paying for the hosting before the redirection. Where XWIS is hosted has EVERYTHING TO DO WITH EA. It is not Olaf's/Strike-Team's choice.
