the17doctor wrote on Thu, 31 August 2006 11:54there is nothing wrong with what you have shown us, it is working fine

it isn't i had the same problem with my bot, it would get to there and exit.

there is no bug, nightma instead of using the function shell

use shellexecute EG:

```
ShellExecute(GetDesktopWindow(), "open",  
"c:\westwood\renegadefds\server\renegadeserver.exe", NULL,  
"c:\westwood\renegadefds\server\", SW_SHOWNORMAL);  
it works fine for me and i have cp1
```
