Maybe just not at this point. They may still make one in the distant future. It actually surprises me why they would actually just say "it's not happening" to your friend because in every other interview I've read with say Mike Verdu or such, all they ever say about future titles is, "we cannot talk about that at the moment" or "we're fully committed to the C&C franchise".

I wouldn't get my hopes down if I were you.
