good alternative would be to allow a member of this community become the official manager for
renegade for xwis (the messenger between them and us), and would look over everything that
would have to do with this community (ie:crimson)

BHS is already in a partnership with Strike Team with the approval and cooperation of EA to
basically do that. However, there are specific limitations to the agreement that make it so we can't
really help in a downtime issue.

Not just for the downtime itself. But like providing us with the situation (we didn't even get a
message or anything like that). Also to try to put priority to a ladder (I know you are currently
working on one tho),making sure xwis is not doing anything to leave us out of the game, and
things like that. A moderater basically
