Ivan275 wrote on Fri, 08 September 2006 17:08 If I'm not mistaken bones.ini is a client side thing. Changing in on the FDS won't do anything. The only way i can see it working is if it's added to all your maps and you make all your players dl your maps.

Do you want your HS mod to only count HS, or only HS that do enough damage to do a 1 shot kill(sniper/ramjet/pic/rail)?

how do i add it to all my maps then?? (with what program)

I want the my Hs mod only to count hs's.

But i really dont know how i have try'ed so much but i have no idea.

I want bodyshots not to work but hs will kill in 1 shot.

It will be for my sniper game so...

And for fds so everybody will have it and it will be fair

If u got any idea's on helping me thnx alot
