MaidenTy1 wrote on Sat, 09 September 2006 03:17...but we've seen many a time on this forum that every time you start an argument and lose it five minutes later, you appear completely oblivious to how much of an idiot you're made to look and stick to your guns, even though they don't seem to be loaded. It's happened often enough already, over numerous issues and by several different people, for the pattern to be conclusive.
