Quote:Im not a lier if you dont think i made it that is your problem not mine.

No, you are a liar. You didn't make that model, I did.

I just took a screenshot of the version of my grenade model that is in RenAlert/APB from Gmax, with the texture off.

Notice how "your" grenade has the exact same shape, and polygon structure and shading as mine? Yeah, that's not coincidence.

My grenade:
