Reminds me of XIL that does.

Don't remind me about Xil. Omg worst admins ever.

When the Airstrip was down and I had the last vehicle on Nod, the admins kicked me to steal it.

The admins kicked me because I asked why they changed my team.

The admins kicked me because I refused to play a funwar at 1:00am

The admins kicked me because I constantly sniped one of the Xil members.

The admins banned me for not using Renguard.
