yahoo search for "scripts for Renegade" gives SourceForge.net as # 1 result and a few clicks from there you get

[http://sourceforge.net/project/showfiles.php?group\\_id=51947&package\\_id=56768](http://sourceforge.net/project/showfiles.php?group_id=51947&package_id=56768) which lists all client script versions including the one you want.
