help-linux wrote on Tue, 26 September 2006 00:41oh come on poeple n other threads have been saying things they can't prove. you dont realy think that my post stands out from them all do you?

get another grafix card

The point is, all you have managed to do is post spam that wasn't needed. Getting another GFX card isn't going to help matters at all unless he buys an old card like a GF2 TI4200 that can't reach 100+Hz.
